Atlanta, Georgia

Brian Bolick, PE

Shaun Green

*URS Engineering*

Atlanta, Georgia

Michael Wallwork, PE

*Alternate Street Design*

Orange Park, Florida

Dr. William Chapman

Historic Preservation

ACKNOWLEDGEMENTS. This plan was accomplished with the help and participation of many in the Emory Village neighborhood and the Atlanta metro area. In particular, the board of directors of the AIEV - Mr. Davis Fox, Ms. Sarah Cook, Mr. Hector Morales, Mr. Brian Shaw, Ms. Jacquelyn Anthony, Ms. Susan Apolinsky, Mr. John Blount, Mr. Mark Goldman, Mr. Tom Walsh, Mr. Phil Paymer, Ms. Jen Fabrick, Mr. Michael Rich, Ms. Betty Willis, Ms. Lois Berthaume, Ms. Debbie Sinex, Mr. Stuart Meddin, and Mr. Geoffrey Irwin - were essential to the planning effort in preparing for the workshops, providing a link between the public, the government, the university, and the design team, and guiding the development of this document.

DeKalb County Commissioners Ms. Judy Yates and Ms. Gale Walldorff provided advice and encouragement, and officials at DeKalb County, especially Mr. Stephan Michael, Mr. David Cullison, Mr. Sam Gueller, and Mr. Jerry Chambers, supplied much-needed technical support and professional criticism. Mr. Paul Roesser and the UGA real estate program provided real estate assistance. Mr. Robert Reed and Mr. Alfie Vick generously contributed their time and expertise to the project, as well.

Druid Hills Civic Association provided publicity for workshops and meetings. Georgia Tech professor Randy Roark, his students, Ms. Kathryn Gannon, and Mr. Leon Eplan, ULI, coordinated and ran the initial workshops which developed the foundations of this plan. The staff of the ARC, particularly Mr. Dan Reuter and Mr. Rob LeBeau, provided advice and criticism on the future implementation of the plan.

Finally, neighborhood residents, Village business and property owners, and Emory faculty, staff, and students all were generous with their help and input. Through numerous workshops and public meetings, their feedback has been the driving force of this plan.
